Welcome to the region's fastest growing corridor

It takes 45 minutes to get to Anna Nagar from Adyar. And it will take you the same 45 minutes to get to Anna Nagar from VGN Brixton too. That's how close you'll be to the city.

Just a 5 minute drive from Poonamallee

Even as distance has become relative in many ways, time has become the deciding factor. Traffic in the city can become overwhelming and make getting around a nightmare. Living within the city, you undeniably spend more time travelling than you thought you would.

The Sriperumbudur corridor is clearly emerging as one of the fastest growing corridors in the region with frequent reports of new industrial projects springing up in that area. Located en route to this corridor, VGN Brixton not only gives you the luxury of living in a world class home, but also in a world class location with some international biggies for neighbours.

And with sophisticated Volvo AC buses shuttling between Sriperumbudur and the city every 10 minutes, you'll have the best of both worlds.
