Premium Homes At The Heart Of Tambaram

# NOT JUST CLASSIC. IT'S NEO-CLASSIC.

We are delighted to introduce our newest addition to the city's architectural landscape, an exquisite apartment building that embodies the timeless elegance of Neo-Classical design. This remarkable structure stands as a testament to refined aesthetics and thoughtful design principles.

At first glance, the building's striking facade draws inspiration from the grandeur and symmetry of ancient Greek and Roman architecture. Every individual unit within the building is surrounded by open spaces, allowing for abundant natural light and views. This design innovation ensures that no walls are shared between the units, offering residents a sense of seclusion and tranquility.

As you step inside, you'll be greeted by an interior that seamlessly blends modern comforts with the timeless beauty of Neo-Classical design elements. The spacious rooms are adorned with luxurious finishes, elegant moldings, and refined detailing that pay homage to the classical era while providing all the conveniences of contemporary living.

The building also offers a host of amenities. From a state-of-the-art fitness center to meticulously landscaped gardens and serene outdoor seating areas, every aspect of your well-being has been considered. We have also incorporated sustainable features, such as energy efficient lighting, home automation and green spaces, to ensure a harmonious coexistence with the environment.

We invite you to be part of this extraordinary living experience, where timeless beauty meets modern functionality. With our Neo-Classical inspired apartment building, you will discover a sanctuary that embraces both elegance and individuality, where every resident can revel in the privacy of their own distinct space.

We look forward to welcoming you to this remarkable community and to providing you with a lifestyle that epitomizes luxury, sophistication and serenity.

# EXCLUSIVE LIFESTYLE & SAFETY FEATURES

## **Sensor Lighting In Toilets**

VGN provides motion sensors that can detect any movement from heatwave emitted by moving objects. It is called a passive system because the device does not send anything; instead, it waits until movement or thermal sensing is detected. In the case of motion-sensing lights, when the passive infrared light picks up thermal sensing and activity in the room, it switches the lights on.

## **Home Automation**

Home automation feature is for automatic and electronic control of household features such as lights, fans, and video door phones, you can easily control these items of your home via the Internet to make life more convenient and secure, and even spend less on household bills.

## **EV Charging Point**

VGN provides an electric vehicle charging point in the Stilt floor which is an interface equipment that connects a single electric vehicle to an electricity supply, allowing the vehicle's battery to be charged for electric cars.

## **RFID Boom Barriers**

VGN provides boom barriers with Radio Frequency Identification RFID technology which is a secure and efficient vehicle access control. These barriers with RFID vehicle tags allow only authorized vehicles and these automatic boom barriers are operated with Remote control, Push buttons / sensors.

## **Lobby Access Control From The Apartment**

Residents from their apartments can control the access of lobby doors for visitors using their video door phone controls. Apartment access control is a method of automating property access for authorized residents, staff, and visitors.

## **3 - Level Security Access Control (Boom Barrier, Lobby, Video Door Phone)**

There are 3 levels of security access control to prevent unauthorized entry and also for the safety and security of residents. At the entry of the building, the RFID boom barrier will allow visitors once the residents approve the entry through the app., and finally, residents can control lobby door access / apartment door access through a video door phone.

# ROUTE MAP

# ABOUT VGN

The VGN Group is one of Chennai's premier property developers, with over eight decades of experience and expertise in residential buildings and plotted developments. Incorporated in 1942, the company has developed many landmark buildings and has transformed the skyline of Chennai. VGN has successfully carved a niche for itself in the ever-dynamic real estate industry over the last 83 years. Since its inception, VGN has completed over 250 projects, adding up to over 20 million sq. ft. of developed space, across a diverse real estate portfolio.

VGN assures best-in-class design and top-of-the-line amenities that exude elegance and sophistication. The residential developments include housing, premium residences, luxury apartments, plotted developments and mixed-use lifestyle enclaves and townships. Over the years, many projects have been pioneers in their sector, for example, VGN Notting Hill, a luxury lifestyle enclave next to the Hotel Taj Coromandel in Nungambakkam, and VGN Coasta, a luxury sea-facing apartment complex, bang on ECR, Chennai.

VGN has also developed over 600 acres of plotted developments. Plots that customers vouch for. Since the commercial segment has been witnessing consistent growth over the past few years, VGN is also venturing into office spaces, retail and industrial warehouses.

Y - 222, VGN Kimberly Towers, 2nd Avenue, Anna Nagar, Chennai - 600 040
